

# IR 360° Wi-Fi

### DESCRIPTION

With IR Controller, you can now control all IR controlled devices such as TV, Set-up box, AC, anytime just via the Hogar App. With 360° of uniform and powerful IR signal, the user can control multiple IR controlled devices in a specific room.

CONTROL ON/OFF LIGHTING

CONTROL CURTAINS AND BLINDS

RETROFIT DESIGN

ACCESS THROUGH HOGAR APP

ZWAVE COMPATABILITY

2 MINUTES INSTALLATION

ALEXA SUPPORTED

### CONFIGURATION TO YOUR WI-FI NETWORK

- Power up the device with 5V DC.
- The LED on IR Controller blinks Blue and Red alternately & a Wi-Fi hotspot is created.
- In the Wi-Fi setting section of your smartphone/tablet/PC, search for IR SSID and Connect.
- Now go to the web browser & enter the default IP address - "192.168.5.1"
- Enter your Wi-Fi SSID, Wi-Fi Password & HC static IP, incase you have a Controller.
- Click Save. Your IR is now connected to Wi-Fi Network!

### APP INFORMATION

Hogar IR 360° supports the Hogar Pro App. Now control any IR controlled device through the app. The App learns your IR commands and then can be custom configured to your choice. Pre configured remotes are also available for quick configuration.

### WARRANTY

Hogar Provides Limited Warranty of 18 months on every product.
